

PARTICIPANTS NEEDED!

Are you a **professional therapist** practicing in the **UK**?
Do you have experience working with a client group that includes **young women** (those aged 15–25 years that self-identify as a woman)?

If so, we would love to **discuss your experiences** of engaging with **client's sexual well-being** in your practice.* The aim of this research is to help inform future practice and training in this area.

*Please note the study focuses on therapists' experiences, and no confidential client information will be asked for.

TO BE ELIGIBLE TO PARTICIPATE YOU MUST:

- Be a qualified therapist working associated with a recognised professional body
- Have experience working with a client group that include self-identifying young women aged 15–25
- Practice in the UK

We kindly ask that you do not participate in this study if you are currently experiencing significant distress, believe this topic may lead to high levels of distress, and/or have a close personal relationship with the primary researcher.
